EBECO

WiFi READY

Wallflex 500

Electric convector with energy-efficient control

Usage

- Rated for both dry and wet areas
- Stylish design
- Several effects
- Plug
- Colour display
- Thermostat with energy saving program
- Clear and easy to navigate
- WiFi READY: The thermostat can be connected to WiFi

Electric convector with energy-efficient control with several individually adjustable energy saving programs and colour display with simple and clear navigation. The convector is "WiFi READY", or prepared for WiFi. With the accessory, EB-Connect WiFi, the convector can be controlled via the Ebeco Connect app, Google Home, Tibber or the open API. Also shows energy consumption and history in a clear way.

Specifications

Specification	Data
