

## Electrical enclosure

Combined temperature and humidity control

### Usage

Snow melting installations  
Frost protection  
Underfloor heating

 Energy program  Display

- ✔ Large selection of sizes
- ✔ Energy-efficient installation
- ✔ Cost-effective and flexible

Control cabinet with thermostat EB-Therm 800. Also includes main switch, residual current device with alarm contact, circuit breakers, contactors, selector switch, transformer, 3 m sensor cable (temperature), terminal blocks, and manual for EB-Therm 800 along with a standard drawing. The cabinet is prepared for ground/ceiling/temperature sensors. The thermostat features a built-in operating time counter.

## Specifications

Connection voltage	400/230 V
Enclosure class	IP55, IP65
Ambient temperature	-20 - 45 °C
Sensor	Prepared for humidity & temperature sensor

## Documents

 CE document

## Warranty

Ebeco AB provides a 5-year product guarantee in the event of material defects.
