

Multimat

Heating mat for temporary heating

Usage

- Heating of e.g. work areas and entrances
- For outdoor use

 Mat  290 W/m²  Plug

- ✔ Developed for demanding requirements and environments
- ✔ Flexible, easy to move

A durable heating mat for temporary heating of e.g. work areas and entrances. Its durable rubber surface provides both grip and heating which makes it ideal to work on during the winter. It melts snow and makes working outdoors in sub-zero weather more comfortable. Made of vulcanised rubber which means that it can withstand heavy loads and rough treatment.

Specifications
